Undergraduate students interested in physician-scientist (i.e., MD/PhD) training and current MD/PhD students are invited to an accompanying MD/PhD Career Development Workshop sponsored by the MD/PhD Programs of Baylor College of Medicine and The University of Texas Health Science Center at Houston on Saturday, January 16, at Baylor College of Medicine.

There is no fee for the workshop, but advanced registration is required.

Travel Awards to attend the Symposium and MD/PhD Career Development Workshop are available for outstanding undergraduates in the third year of study at a U.S. college or university.
